

§ 1467.13

(3) The Chief may approve modifications to facilitate the practical administration and management of the easement area or the program so long as the modification will not adversely affect the wetland functions and values for which the easement was acquired.

(4) Modifications must result in equal or greater environmental and economic values to the United States.

(b) *WRPO*. Insofar as is consistent with the easement and applicable law, the State Conservationist may approve modifications to the WRPO that do not affect provisions of the easement in consultation with the landowner and the State Technical Committee and following consideration of site specific technical input from the U.S. Fish and Wildlife Service and the Conservation District. Any WRPO modification must meet WRP program objectives, and must result in equal or greater wildlife benefits, wetland functions and values, ecological and economic values to the United States. Modifications to the WRPO which are substantial and affect provisions of the easement will require agreement from the landowner and require execution of an amended easement.

§ 1467.13 Transfer of land.

(a) *Offers voided*. Any transfer of the property prior to the landowner acceptance into the program shall void the offer of enrollment. At the option of the State Conservationist, an offer can be extended to the new landowner if the new landowner agrees to the same or more restrictive easement and contract terms and conditions.

(b) *Payments to landowners*. (1) For easements with multiple annual payments, any remaining easement payments will be made to the original landowner unless the Department receives an assignment of proceeds.

(2) The new landowner or purchaser shall be held responsible for assuring completion of all measures and practices required by the contract. Eligible cost-share payments shall be made to the new landowner upon presentation of an assignment of rights or other evidence that title had passed.

7 CFR Ch. XIV (1-1-05 Edition)

(c) *Claims to payments*. With respect to any and all payments owed to landowners, the United States shall bear no responsibility for any full payments or partial distributions of funds between the original landowner and the landowner's successor. In the event of a dispute or claim on the distribution of cost-share payments, the Department may withhold payments without the accrual of interest pending an agreement or adjudication on the rights to the funds.

§ 1467.14 Violations and remedies.

(a) In the event of a violation of the easement or any contract directly involving the landowner, the landowner shall be given reasonable notice and an opportunity to voluntarily correct the violation within 30 days of the date of the notice, or such additional time as the State Conservationist may allow.

(b) Notwithstanding paragraph (a) of this section, the Department reserves the right to enter upon the easement area at any time to remedy deficiencies or easement violations. Such entry may be made at the discretion of the Department when such actions are deemed necessary to protect important wetland functions and values or others rights of the United States under the easement. The landowner shall be liable for any costs incurred by the United States as a result of the landowner's negligence or failure to comply with easement or contractual obligations.

(c) In addition to any and all legal and equitable remedies as may be available to the United States under applicable law, the Department may withhold any easement and cost-share payments owing to landowners at any time there is a material breach of the easement covenants or any contract. Such withheld funds may be used to offset costs incurred by the United States in any remedial actions or retained as damages pursuant to court order or settlement agreement.

§ 1467.17 Appeals.

(a) A person participating in the WRP may obtain a review of any administrative determination concerning eligibility for participation utilizing the administrative appeal regulations provided in 7 CFR part 614.

(b) Before a person may seek judicial review of any action taken under this part, the person must exhaust all administrative appeal procedures set forth in paragraph (a) of this section, and for purposes of judicial review, no decision shall be a final agency action except a decision of the Chief of Department under these procedures.

(c) Any appraisals, market analysis, or supporting documentation that may be used by the Department in determining property value are considered confidential information, and shall only be disclosed as determined at the sole discretion of the Department in accordance with applicable law.

§ 1467.18 Scheme and device.

(a) If it is determined by the Department that a landowner has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid such

landowner during the applicable period may be withheld or be required to be refunded with interest thereon, as determined appropriate by the Department.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of payments for cost-share practices or easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

(c) A landowner who succeeds to the responsibilities under this part shall report in writing to the Department any interest of any kind in enrolled land that is held by a predecessor or any lender. A failure of full disclosure will be considered a scheme or device under this section.
